

Year	Title/Subject	Location
UNK YR	Knowlis - UCLA	
UNK YR	Knowlis - UCLA 2	
1937	Seminar paper on the term "Posture"	Oberlin
1937	Masters Thesis (Condensed version) - "Action Current Study in Movement Coordination"	Oberlin
1939	Luncheon Club/Nerve Crosses	U Chicago
1939(?)	Another possible interpretation of reflex activity	U Chicago
1939	The functional effect of deafferentation of the hind limb of rat (Animal Behavior, Autumnl Term)	U Chicago
1939	Neural mechanisms of conditional reflexes (Physiology 303)	U Chicago
1939	Muscle transposition; Can normal function be restored?	U Chicago
1939	Rat nerve and muscle transpositions	U Chicago
1939	Neurology Club/Nerve crosses	U Chicago
1940(?)	Looking for modulation in mammals	U Chicago
1940(?)	Rat muscle transposition	U Chicago
1940(?)	Rat experiment film commentary	U Chicago
1940(?)	Problem of the "Memory Trace" in the light of brain extirpation studies	Harvard
1941	Trophic relations of neurons: . . . alternative to Resonance Theory (Physiology 406)	U Chicago
1941	Ph.D. Thesis Summary	U Chicago
1941	Trophic Relations of Neurons (Gerard's Seminar)	U Chicago
1942(?)	Amphibian cutting III, crossing III and IV	Harvard
1942	AAAS/optic nerve regeneration - amphibians	AAAS
1945(?)	Experimental data leading to chemo-specificity theory (rats-amphibians) Chemo-Affinity Theory (JEZ 1934)	Yerkes
1945(?)	Developmental patterning of integrated circuits of optic and vestibular system experiments (amphibians)	Yerkes
1946(?)	Amphibian eye rotation and nerve regeneration	Yerkes
1947(?)	Crossing limb muscles in monkey	Yerkes

Year	Title/Subject	Location
1948	Neurogenesis	U Chicago
1948(?)	Amphibian oculomotor nerve work	U Chicago
1949	Anatomy Seminar/Some problems in neural basis of perception	U Chicago
1949(?)	Monkey cortex slicing	U Chicago
1949	Neurogenesis 306 Pointer	U Chicago
1949	Neurogenesis (11-I-49 The Mechanisms of Neural Growth)	U Chicago
1949	Medical psychology/Development of nervous system	U Chicago
1949	Psychology Club/Cutaneous local sign	U Chicago
1950(?)	Experimental alteration in central-peripheral relations as a means . . .	
1951(?)	<b>Specificity or selectivity? (amphibian vision, vestibular nerves, local sign, labyrinth)</b>	
1951(?)	CNTRC'D Roundtable Discussion	
1951(?)	Plastic Surgery	
1951(?)	Regulative factors in orderly growth of reflex circuits	
1951	Psych Pro-Sem (11/8/51)	
1952(?)	Developmental bases of behavior	
1952(?)	<b>Inherent structuring of behavior patterns (rat/amphibian work; cutaneous local sign)</b>	U Chicago
1952	Montreal & NYC 1952	
1952	Functional recovery after nerve regeneration	
1952	Wisconsin-1952: Genetic structuring of brain patterns	
1953	Hixon Lecture - Prefunctional Organization	
1953	Hixon-Caltech 1953 - Visual Perception	Caltech
1953	American Academy of Neurology	
1953	Regeneration studies and learning	XIX Int'l Congress
1953(?)	Regeneration studies and learning (appears to be typed draft of paper from talk)	
1953(?)	Montreal Neurologic Society	Montreal
1953(?)	St. Louis Invited Talk	
1953	Physiology Seminar (11/23/53)	
1954	Pins - Cuts - and Mica	AAAS-Galveston
1954(?)	Informal give and take - Research Discussion	
1954	NIH Conference	
1954(?)	Lecture - Early 50s	Cambridge Univ.

Year	Title/Subject	Location
1955	London - 1955	
1955	Oxford - 1955	
1955	San Francisco Symposium	
1955	AAA Berkeley	
1955	Functional regeneration of the optic system (x-ref with pubs 3 and 12)	
1955(?)	Importance of study of the brain and psychology	
1955	Sigma Xi and High School	
1956	Problem of nature of chemoaffinity	
1957	Electric field as cerebral correlate of consciousness	
1957	AAA - '57	
1957	S/B preparation in use	
1958	Split-brain approach to learning problems	
1958(?)	Paper of Dr. Roger W. Sperry	
1959	Introduction (to split-brain)	
1959(?)	Simplified form	
1960	Wirng Pb	
1960(?)	UCLA Medical Center	UCLA
1960(?)	Loma Linda Medical School	Loma Linda
1960	Harvard Bio-Psych Colloquium	Harvard
1961	UCLA Interdisciplinary Seminar	UCLA
1961	San Francisco '61	
1961	San Francisco II '61	
1962(?)	Split-brain work	Dartmouth College
1962(?)	Dartmouth April, 1962 (Draft?)	
1962	Progress Report '62	
1963(?)	Transposition and regeneration	
1963	Impulse specificity vs connection-specificity	
1963(?)	California Academy of Medicine	
1963	Ornstein	San Francisco
1963	Sigma Xi and Sawtelle	
1963	Patterning and synaptic connections in regeneration and development	

Year	Title/Subject	Location
1964	Einstein University - 1964	
1964(?)	Nature - Nurture	
1964	Organog(enesis) '64	Baltimore
1964	Riverside	
1964	Stant - Corn '64	
1964	Vatican '64	
1964	Vatican '64b	
1964(?)	No Name ("Brain control centers . . . come in matched pairs . . .")	
1964	James Arthur Lecture ("Problems outstanding in the evolution of brain function")	American Museum of Natural History
1965(?)	Miscellaneous Split-Brain Lecture Notes	
1965	Brain Splitting x2	
1965(?)	Speaking Notes A.	
1965(?)	Speaking Notes B.	
1965	Some Effects on Language and Speech of Brain-Bisection in Man	CA Speech and Hearing Assn.
1966	Odd pages	
1966	Hughlings Jackson Leftovers ("Mental Unity and Surgical Disconnection of the Cerebral Hemispheres")	Montreal Neurological Institute
1967(?)	UCLA General	UCLA
1967(?)	Geschwind Speaking Notes	UCLA
1967(?)	UC Davis	
1967	"Mental Duplicity and Double Talk" Following Brain Surgery	
1967(?)	Mental specialization in the cerebral hemispheres of man	
1967	Right Hemisphere (?)	Occidental College
1967(?)	Odd Speaking Notes	
1968-69	Gen'l	
1969	Abbv'd Split CIT	
1969	Conference on Causality in Multilevel and Holistic Systems	Davis
1969	Aerospace Mar '69	
1970	Hemispheric specialization as reflected in the syndrom of the neocortical commissures (Sperry & Levy)	NY Congress
1970(?)	Conscious or Mental Forces (?)	

Year	Title/Subject	Location
1971	S/B and consciousness Misc Pages	
1972	California Scientist of the Year	California Museum of Science and Industry
1972(?)	A theory of mind and some value implications	
1972	National Paraplegia Foundation - Wakeman Award	Milwaukee, WI
1972	"Tor Neurosci"	
1972(?)	Industrial Associates Dinner (added to for Denver talk)	
1973(?)	The syndrome of hemisphere deconnection	APA
1973	Passano Foundation Acceptance	
1973(?)	Versailles Lecture	
1973	General Split-Brain Man	
1974	Science in the search for values (ICUS 1974)	Washington D.C.
1974(?)	York University	
1974	Science Role in Values	
1974	Extras: Split Notes	
1975	Unknown split-brain talk circa 1975	
1976(?)	Split-brain lecture around film	
1976(?)	Film Talk B (split-brain)	
1976(?)	Split Brain Research	
1976	Absolute values: Ultimate frame of reference	
1976	Acceptance of Lashley Award	American Philosophical Society
1976	ICUS	
1977		
1978		
1979	Lasker Award	
1980(?)	Huntsville Meeting	
1980	Split-Brain/Values	Smithsonian
1980	Consciousness	

Year	Title/Subject	Location
1981	Swedish Music Academy	Stockholm
1981	Nobel Lecture	Stockholm
1981	Stockholm	Stockholm
1982	American Academy of Achievement Award	
1982	Science and Values - Informal Seminar	U Texas-Houston
1982	CIT Nobel Reception	Caltech
1983	New set of values (science/religion)	Dallas
1983	Emergent properties	UAlberta/ Theoretical Psych
1985	Cognitive role of belief	So Society for Philo/ Psych
1993	APA Lifetime Contribution Award
